

WEBINAR INVITATION

Bill 236: What Employers Need to Know About the First Stage of Ontario Pension Reform

WEBINAR: Thursday, July 8, 2010
12:00-1:00 p.m. EDT

On May 18, 2010, Bill 236, the *Pension Benefits Amendment Act, 2010*, received Royal Assent, making a number of significant changes to the Ontario *Pension Benefits Act*. In order for employers to be ready for these amendments and to minimize the impact of any increased costs, they will want to start taking steps now to amend their pension plans and administration systems, and, perhaps, to change the terms they offer when hiring and firing employees.

Please join us for an informative and practical discussion of Ontario's new pension legislation featuring lawyers from our Pensions & Benefits and Labour & Employment Departments. Hear about the implications of the Bill 236 amendments, including:

- providing for immediate vesting;
- expanding the pool of employees potentially eligible for "grow-in" benefits to include most dismissed employees; and
- promoting employee and union involvement in plan administration

MODERATOR

Nancy Chaplick, Partner
Pensions & Benefits Department

SPEAKERS

Louise Greig, Partner
Pensions & Benefits Department

Jason Hanson, Partner
Labour & Employment Department
