Anna has just completed her Juris Doctor at Osgoode Hall Law School with a focus in the tax stream. She will now be rotating through various groups at Osler, including the Tax and Commercial groups. Last summer, she did a rotation in both the Tax group and the Corporate group. Hoping to take what she learned last summer and apply it to her articling year, Anna is very eager to kick off her legal career at Osler.

During her time in law school, Anna participated in various organizations, notably helping with the school's annual theatre production, Mock Trial. Outside of school, Anna is involved in her local community centre, helping seniors with computer literacy and organizing events to celebrate the community's diversity. In her free time, she enjoys painting and making travel plans.
