.....

Nicholas is entering into his second year of law school at the University of Windsor Faculty of Law and is currently completing his first summer at Osler.

Prior to attending law school, Nicholas completed his undergraduate studies at the University of Windsor, Odette School of business, earning a Bachelor of Commerce with a specialization in finance. Alongside his academic endeavours, Nicholas balanced school and playing as a varsity athlete on the University of Windsor Golf Team winning Windsor-Essex Golfer of the Year in 2022.

Nicholas' professional and extra curricular activities are wide ranging from helping manage real capital in a student lead investment fund to customer service at a large golf retailer. This has fueled his growth in the realm of banking and corporate law.

During his time at the University of Windsor Faculty of Law, Nicholas has broadened his knowledge on the legal world while maintaining a business schedule as a student athlete. During his first semester while still fresh in law school, he led the Windsor Lancers to their first Ontario University Golf Title in over 30 years.
