Areas of Expertise

Osler Works – Disputes

Evan Hungate, a Senior eDiscovery Case Manager, is a member of Osler Works – Disputes. Evan is responsible for managing eDiscovery projects from collection to production including monitoring work flow, project planning and scoping, and performing data analysis. He also assists Osler’s clients in responding to Supplementary Information Request from the Canadian Competition Bureau. His skills as software engineer are invaluable to Osler Works – Dispute’s ability to respond to the complex technical challenges that often arise on eDiscovery projects. Evan regularly devises technical solutions to reduce the volume of data that needs to be processed, hosted and reviewed.
