Emerging and High Growth
Companies

Gaby graduated from Queen’s University and is delighted to be returning to Calgary to practice law. Prior to Queen’s, Gaby attended the Sauder School of Business at the University of British Columbia. At UBC Gaby earned her BComm (Honours) in accounting with a concentration in sustainability and social impact.

While at law school, Gaby enjoyed contributing to the Queen’s community as the Vice President of Finance for the Student Graduate Professional Society. Through this role Gaby had the opportunity to serve the graduate students through the SGPS financial assistance program and food insecurity relief program.

Prior to law school Gaby worked and volunteered in the social finance space in Calgary and Vancouver. Most notably, Gaby enjoyed her time serving as a Fund Manager for the Vancouver Social Value Fund (now known as the Propel Impact Fund). Gaby looks forward to building on this experience through serving the Calgary start-up community.
